

Competitive Cheer Teams in London

Which Team is Best for You?

UWO MUSTANGS

This is the pre-eminent bad-ass competitive squad in Canada.

- 22 consecutive National Titles
- 10 US National Championships

This team is Full time, Full on, Hard Core

Co-ed. Yes. Typically we have more guys than girls

But I have never been a "cheerleader" before:
Good. Most of us played football and hockey etc. before

I don't like to flip.

Women: not good. That would sort of be like wanting to tryout for a hockey team...but you can't skate.

Guys: make up for it with wicked athletic ability

Costs?

All clothing, travel and competition fees are covered through a ton of corporate sponsorships. Plus The new funding format just quadrupled our budget from the athletic department.

Members are required to purchase a Mustang Athlete package and PC Gym Fee
