If you are reading the small print - you are already interested. So here is what you want to know:

- No, you don't have to know how to do this stuff, but you sure as heck need to be athletic.

- Is it hard? Hell yes. Being a Champion takes a lot of sweat.

- How do I get to the gym? Call the coach, we will hook you up.

Isn't it about time that you started doing something positive for your self and your school?
